

Biometric Time Attendance Solution

TA040

The TA040 is a Biometric Time Attendance and Access Control Terminal which can connect with third party electric lock and exit button.

TA040 Features SSR report (Self-Service Report) stored in the time clock.

The 2.8inch TFT screen can display more information vividly, including fingerprint image and verification result.

TCP/IP communication is a standard function which makes sure the data transmission between terminal and PC can be easily done within several seconds. Internal backup battery insures the device working normally when the power cut off suddenly.

Features

- Color TFT screen with GUI interface
- TCP/IP and USB-host interface
- Includes Time Attendance Software
- Access control capability
- Built-in SSR Excel Software
- Equipped with Battery Backup.
- Multi languages
- Easy administration and scalability
