

15" Touch Monitor without Bezel TCM010

The 3nStar TCM010 monitor is an economical bezel-free touchscreen solution. It's built with a metal base which provides firmness and stability, making the TCM010 the ideal monitor for commercial applications such as:

- Point of Sale (POS)
- Restaurants
- Hospitality Applications

The elegance of its completely flat screen without the presence of a frame or bezel provides a modern design that works in any environment. It can be installed on a pole or wall and the controls have been located to make it difficult to access to the public.

Features:

- It uses capacitive technology which guarantees a long service life, better image quality, and touch sensitivity giving a better experience for the user
- "Bezel Free" screen allows easy integration into various solutions while giving greater elegance to the monitor
- HD 1024x768 resolution and 400cd/m2 brightness generate much sharper images
- Metal base guarantees greater firmness and durability
- Can be mounted on the wall or on a pole because it is compatible with VESA mounting
